Recall advisory on LED flashlight sets

The Chino Valley Fire District would like to alert the public of a recall by Target Stores for LED flashlight sets due to fire and burn hazards.

The flashlights, sold at Target stores nationwide, can heat up, smoke or melt when turned on, causing fire and burn hazards. This recall involves 6-pc. LED Flashlight Sets. They are made of silver plastic with black rubber around the handle and light base. The flashlight sets have UPC code 490021010049 printed on the back of the package. They were sold in sets of six, including two small flashlights measuring about 3 inches long, two medium flashlights about 6 inches long and two large flashlights about 7 1/2 inches long.

The flashlights were sold exclusively at Target stores nationwide from October 2010 through December 2011 for about \$10 per set.

For more information on this and any other recall, please visit <http://www.cpsc.gov/>
