**RELEASE DATE:** April 29, 2021

## **CVFD TO DONATE FIRE ENGINE**

The Chino Valley Fire District will donate a KME Fire Engine that was designated as surplus equipment by the Board of Directors. The KME Fire Engine has served the Chino Valley for over 20 years and will be donated to the Mt. San Antonio College Fire Academy on Thursday, April 29. The engine will be used by the Mt. San Antonio College Fire Academy to train future generations of firefighters for years to come.

The Chino Valley Fire District supports the continued education of students interested in a career in the fire service. The Mt. San Antonio College Fire Academy is held at the Fire District's Training Center twice a year. We are happy that the engine will stay in the Chino Valley to continue serving the future needs of the fire service.
